Extract from a speech delivered by A. B. Fripp, M.D., M.S.F.R.C.S., of the Guy's Hospital, London, En  
 "In my own science I have tried this **ELECTROZONE** on many diseases and have found in ev  
 case it was a good deodorant. The more stinking the disease, the more difficult the case to treat, a  
 however bad the sores, whether about the mouth, or other parts of the body, the disease was attack  
 better with **ELECTROZONE** than any other disinfectant I have ever met with."

The postoffice address is shown in Display Type, the name of the county in which it is  
 located immediately follows and then the population of the place. The names of physicians  
 appear under the postoffice name, the first number (the key to which will be found on pages  
 111 to 150) indicates the college of graduation, and the last number the year in which diploma  
 was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

# THE WIGGINS' SANITARIUM

ST. JOHNS, MICH.,

FOR THE TREATMENT OF

## KIDNEY, BLADDER AND, NERVOUS DISEASES.

**DR. ANDREW J. WIGGINS**, the attending physician, has had 48 years of experience, and is a graduate of Geneva College, of New York.

We cure Diabetes Mellitus (Sugar Diabetes), Diabetes Insipidus, also Bright's Disease of the Kidneys, if we have the case before the Kidneys are broken down. Our treatment is a specific for Nervous Prostration. We also treat Consumption in all its forms with remarkable success. We use the Edison treatment for Consumption, which is the latest treatment used, and has a record of curing from 50 to 60 per cent. of all the cases taken. In our treatment of Diabetes we have not had a failure in eight years, nor a return of the disease. As we depend upon Physicians for our patients, it is necessary that we assure them of the infallibility of the treatment. As a guarantee we will make a contract with patients, if they so desire, to take them to our Sanitarium, give them room, board and treatment until they are positively cured, or no pay; that is to say, we will deposit contract and amount of money agreed upon, and if they are not cured in a specified time, as agreed upon in the contract, they may draw their money, and get their room, board and treatment free. If one or two reputable Physicians agreed upon shall decide that they have no traces of sugar in the urine, then we draw the money. Of course, we should charge more with such a guarantee than we should with ordinary treatment, as we have to take the responsibility of complications or other diseases that might attack the patient during treatment. The legitimate cost of treating cases of Diabetes Mellitus will vary from \$35 to \$100. This does not include the guarantee. The price of warranting a case would be what we should agree upon. We have cases from six years up to seventy years of age that have been successfully treated and cured. We employ no drugs in our treatment, but use a combination of gases by inhalation. The Sanitarium is equipped with all the modern applications for chronic diseases. **CORRESPONDENCE SOLICITED.**

In treating Consumption the patient will not necessarily have to remain at the Sanitarium more than one month, after which they can have home treatment. The treatment consists in destroying germ infection. The treatment is used hypodermically; that is, by injecting under the skin.

**TREATMENT FOR NERVOUS PROSTRATION**—Our treatment for Nervous Prostration is positive, and good results immediately follow treatment. Those cases only require from four to six weeks treatment. The Doctor has made a special study of nervous and wasting disease for a good many years.

## MINNESOTA.

CAPITAL, ST. PAUL.

Population of State, 1,301,826.

(Census of 1890.)

Males .....	695,321	Native .....	834,470
Females .....	606,505	Foreign .....	467,356
White .....	1,296,159	Chinese .....	96
Colored .....	3,683	Indians .....	1,888

Number of physicians, 1,647.

Minnesota extends from 43 degrees 30 minutes to 49 degrees north latitude, and from 89 degrees 29 minutes to 97 degrees 5 minutes west longitude, and comprises an area of 83, 531 square miles, or 53,459,840 acres. It is bounded on the north by the British possessions, from which it is partly separated by Rainy Lake and the river of the same name; on the east by Wisconsin and Lake Superior, on the south by Iowa, and on the west by Dakota. The climate is salubrious and invigorating, the summers are cool and pleasant, and although the winters are severe, the atmosphere is so dry and clear that the extreme cold is hardly noticeable.

The following table shows the increase in population for 40 years:

1850 .....	6,077	1880 .....	780,773
1860 .....	172,023	1890 .....	1,301,826
1870 .....	439,706		

The medical colleges of the State are: Medical Department of Hamline University (Minneapolis College of Physicians and Surgeons), Minneapolis; the College of Medicine and Surgery (Medical Department of the University of Minnesota); and the College of Homoeopathic Medicine and Surgery (Homoeopathic Medical Department of the University of Minnesota), Minneapolis.

Rate of mortality in Minnesota, as computed from the U. S. census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,301,826	15,488	11.89	15,390	98	11.88	17.60

The total number of deaths from consumption during 1890 was 1,532, which was at the rate of 1.17 per 1,000 of population, or 98.92 per 1,000 of total deaths.

For list of Medical Colleges, see page 118.

## MEDICAL LAWS OF MINNESOTA.

Be it Enacted by the Legislature of the State of Minnesota:

Section 1. The Governor of this state shall appoint a board of examiners, to be known as the State Board of Medical Examiners, consisting of nine (9) members, who shall hold their office for three (3) years after such appointment, and until their successors are appointed.

Provided, That the members thereof first appointed under this act shall be divided into three (3) classes, each class to consist of three (3). The first class shall hold office under said appointment for the period of one (1) year; the second class for two (2) years, and the third class for three (3) years from the date of their appointment.

It is further provided, that no member thereof shall be appointed to serve for more than two (2) terms in succession, and no member of any college or university, having a medical department, shall be appointed to serve as member of said board, three of which shall be homoeopathic physicians.

Sec. 2. Said Board of Medical Examiners shall elect a president, secretary and treasurer; shall have a common seal. The president and secretary shall have the power to administer oaths. Said Board of Medical Examiners shall hold meetings for examination at the capitol of this state on the first (1) Tuesday of January, April, June and October of each year, and such other meetings as said board may from time to time appoint. Said board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and locations of all institutions granting to such applicants degrees or certificates of lectures in medicine or surgery. Said register shall also show whether such applicant was rejected or licensed under this act. Said books and register shall be prima facie evidence of all the matters therein recorded.

Sec. 3. It shall be unlawful for any person to practice medicine in this State without a license from said board, or without having filed with the secretary of said board an affidavit setting forth the times and places in which he or she has practiced medicine within the State prior to the passage of this law. Any person in continuous practice in this State since June first (1) one thousand eight hundred and eighty-seven (1887), not licensed under the provisions of chapter one hundred and twenty-five, General Laws of eighteen hundred and eighty-three (1883), may become a licensed practitioner by submitting to the State Board of Medical Examiners of this State, a diploma from a recognized college of medicine, or by undergoing an individual examination at a regular examination prescribed by the Act now in force. The fee for such license shall be ten (\$10) dollars. All persons hereafter commencing the practice of medicine and surgery, in any of its branches in this State, shall apply to said Board for a license so to do, and such applicant, at the time and place designated by said board, or the regular meeting of said board, shall submit to an examination in the following branches, to wit: Anatomy, Physiology, Chemistry, Histology, Materia Medica, Therapeutics, Preventive Medicine, Practice of Medicine, Surgery, Obstetrics, Diseases of Women and Children, Diseases of the Nervous System, Diseases of the Eye and Ear, Medical Jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having attended three (3) full courses of lectures at a medical college, recognized by the State Board of Medical Examiners, of at least twenty-six (26) weeks each; no two (2) courses being within the same year.

Provided, that after January first (1st), eighteen hundred and ninety-nine (1899), it shall be necessary for all persons commencing the practice of medicine and surgery to submit to an examination in above mentioned branches and present evidence of having attended four (4) full courses at a medical college, recognized by the State Board of Medical Examiners, of at least twenty-six (26) weeks each; no two courses being in the same year. All examination papers on subjects requiring treatment peculiar to any school of medicine shall be examined and their sufficiency passed upon by the members of said board belonging to such school, if such there be, and their recommendation as to the proficiency of such candidate in those particular subjects shall be deemed final by said board. Said board shall cause such examination to be both scientific and practical, but of sufficient severity to test the candidates' fitness to practice medicine and surgery. When desired, said examination may be conducted in the presence of the dean of any medical school or the president of any medical society of this State. After examination said board shall grant a license to such applicant to practice medicine and surgery in the State of Minnesota; which said license can only be granted by the consent of not less than seven (7) members of said board, and which said license shall be signed by the president and secretary of said board, and attested by the seal thereof.

The fee for such examination shall be the sum of ten (\$10) dollars and shall be paid by the applicant to the treasurer of said board, toward defraying the expenses thereof; and such board may refuse or revoke a license for unprofessional, dishonorable or immoral conduct. In all cases of refusal or revocation the applicant may appeal to appointing power of said board.

Sec. 4. The person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the district court in and for the county where he or she reside, and said clerk of the court shall file said certificate or copy thereof, and enter a memorandum thereof, giving the date of said license and name of the person to whom the same is issued, and the date of such filing, in a book to be provided and kept for that purpose; and said clerk of the court shall each year furnish to the secretary of said board a list of all certificates on file in his office, and upon notice to him of the change of location or death of a person so licensed, or of the revocation of the license granted to such person, said clerk shall enter at the appropriate places in the record so kept by him, a memorandum of said fact; so that the records so kept by said clerk of the court shall correspond with the records of said board as kept by the secretary thereof. In case a person so licensed

shall move into another county of this State, he or she shall procure from the clerk of the court a certified copy of said license, and file the same with the clerk of the district court in the county to which he or she shall so remove. Said clerk shall file and enter the same with like effect as if the same was the original license.

Sec. 5. This act shall not apply to commissioned surgeons of the United States army or navy, to physicians or surgeons in actual consultation from other States or territories, or to actual medical students practicing medicine under the direct supervision of a preceptor.

Sec. 6. Any person practicing medicine or surgery within this state without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than fifty (\$50) nor more than one hundred (\$100) dollars, or by imprisonment in the county jail not less than ten (10) days, nor more than ninety (90) days, or both fines and imprisonment. Any person shall be regarded as practicing within the meaning of this act who shall append the letters "M. D." or "M. B." to his or her name, or for a fee prescribe, direct or recommend for the use of any person any drugs or medicine, or other agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease; provided, however, this act shall not apply to dentists. Justices of the peace and the respective municipal courts shall have jurisdiction over violations of the provisions of this act. It shall be the duty of the respective county attorneys to prosecute violations of this act.

Sec. 7. Chapter one hundred and twenty-five (125) of the General Laws of eighteen hundred and eighty-three (1883) is hereby repealed. It is, however, provided that all persons licensed under said act shall be taken and considered as licensed under this act. And the secretary of the board herein provided for shall enter the names of such persons upon the register so kept by him as licensed physicians and surgeons, without application or fee upon the part of the persons so licensed.

Sec. 8. This act shall take effect and be in force from and after July 1st, 1887.

Approved April 22nd, 1895.

## RULES AND REGULATIONS.

I.—Applicants shall be required to receive a minimum marking of seventy-five per cent in: 1 Practice of Medicine, 2 Practice of Surgery, 3 Materia Medica, 4 Obstetrics, 5 Diseases of Women and Children; and a minimum marking of sixty-five per cent in each of the following: 1 Anatomy, 2 Chemistry, 3 Physiology, 4 Pathology and Histology, 5 Diseases of the Eye and Ear, 6 Medical Jurisprudence and Preventive Medicine.

II.—Each applicant shall register his or her name opposite a number in a book kept by the secretary for that purpose, and shall mark his or her paper with said number, and shall be known to the members of this board only by said number until his or her papers have been examined and marked; and any paper having any other mark or device shall be thrown out without further examination.

III.—Any applicant failing to pass an examination satisfactory to this board, and being refused a license, may present himself or herself at any subsequent regular meeting of said board and receive another examination.

IV.—All examinations shall be in writing and in the English language.

\*All persons desiring to practice medicine in Minnesota must pass an examination before the board at one of its regular meetings. The examinations are in writing, lasting two and one-half days, two hours being devoted to each subject.

†The clause requiring "three courses of lectures of at least six months each" applies only to those who have been graduated later than July 1st, 1887.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

MISSISSIPPI.

CAPITAL, JACKSON.

Population of State, 1,289,600.

(Census of 1890.)

Males .....	649,687	Native .....	1,281,648
Females .....	639,913	Foreign .....	7,952
White .....	544,851	Chinese .....	154
Colored ..	742,559	Indians ..	2,036

Number of Physicians, 1,550.

Mississippi extends from 30 degrees 20 minutes to 35 degrees north latitude and from 88 degrees 12 minutes to 91 degrees 40 minutes west longitude, and comprises an area of 47,156 square miles, or 30,179,840 acres. It is bounded on the north by Tennessee, on the south by Louisiana and the Gulf of Mexico, on the east by Alabama, and on the west by Arkansas and Louisiana.

The climate is warm, the winters being short and mild, the summers long and hot. The mean annual temperature as observed at Vicksburg is 65.57 degrees, that of the summer 80.52 degrees, and of the winter 50.45 degrees. The average annual rainfall is about 54 inches, ranging from 48 inches in the northwest to 64 on the gulf coast.

There are a few medicinal springs in the State.

The following table shows increase in population for 70 years:

1820 .....	75,448	1860 .....	791,305
1830 .....	136,621	1870 .....	827,922
1840 .....	375,651	1880 .....	1,131,597
1850 .....	606,526	1890 .....	1,289,600

Rate of mortality in Mississippi, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,289,600	14,899	11.55	6,339	8,560	11.63	11.49

Total number of deaths from consumption during 1890 was 1,433, which was at the rate of 1.11 per 1,000 of population, or 96.18 per 1,000 of total deaths.

*The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.*

## MEDICAL LAWS OF MISSISSIPPI.

Chapter 104, Annotated Code of Mississippi, 1892.

Sec. 2343. Every person who desires to practice medicine must first obtain a license to do so from the State Board of Health. (For penalty see Sec. 1258.)

3244. Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the State Board of Health, and must be examined by said board touching his learning in the following branches of medicine only, viz.: Anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery, and hygiene; and, if the applicant be found by the board, upon examination, to possess sufficient learning in said branches and be of good moral character, the board shall at once issue to him a license to practice medicine, which shall be signed by each member who approves of its issuance.

3245. The application for license must state: (1) The applicant's name in full; (2) his place of residence and postoffice address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and postoffice address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical schools attended; (8) if a graduate of a medical college, name thereof; (9) time spent in a hospital; (10) time spent in the practice of medicine, if any; (11) school or system of practice chosen; (12) references as to his personal character.

3246. The State Board of Health shall meet at the capitol on the first Tuesday in the months of April and October in each year, for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations are approved or disapproved. All examinations as to applicants' learning shall be

# DENTISTS, U. S. and Canada, see R. L. Polk & Co.'s DENTAL REGISTER for 1898.

upon written questions and answers, and distinction shall not be made between applicants because of the different systems or schools of practice that may be chosen.

3247. Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee of ten dollars and twenty-five cents; of which ten dollars are to be divided equally between those members of the board who attend and conduct the examination of the applicant, and twenty-five cents to be paid to the secretary of the board for filing and preserving the application for license.

3248. A license to practice medicine may be of such form as the State Board of Health may prescribe; but it shall contain a statement showing the place of residence, postoffice address, and qualification of the applicant, both as to learning and moral character.

3249. Every person who receives a license to practice medicine must file it in the office of the clerk of the Circuit Court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed the clerk shall record the same, with his certificate of the filing thereto attached, in a suitable book to be kept in his office for that purpose, upon the payment by the licensee of the fee provided by law; and, when recorded, he shall deliver the original, on demand, to the licensee. Whenever the licensee shall change the county of his residence and of usual practice, he must, under like penalty, file the original or a certified copy of the license, or of the record thereof, in the office of said clerk, in the county into which he shall move and practice, within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

3250. If a license to practice medicine be issued and be lost, the State Board of Health may issue a duplicate license in lieu of the one lost.

3251. The secretary of the State Board of Health may issue under his signature a temporary license to anyone to practice medicine, which shall be valid until the next succeeding meeting of the board for examining applicants; such license shall show the date of its issuance, otherwise it shall be void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The secretary shall be entitled to twenty-five cents for such license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

3252. Physicians practicing medicine by virtue of a license lawfully issued under the laws heretofore in force, are not required to obtain license under this chapter, and are entitled to continue the practice by virtue of the license which they now have; but the requirements as to recording licenses shall apply to the licenses of physicians heretofore obtained.

3253. Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without license.

Licensed physicians who reside without this state and whose practice of medicine extends into it, may obtain license to practice medicine in this state without being examined as to their learning by presenting a written application for a license, in the form prescribed, to the State Board of Health; whereupon the secretary of the board shall issue to the applicant a license in the name of the board, for which the secretary shall be entitled to receive a fee of twenty-five cents, and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for a failure to record as in case of a resident physician.

3255. The Board of Public Contracts shall furnish to the State Board of Health such books, blanks and stationery as may be needed by it in carrying out the provisions of this chapter; and, at the request of the State Board of Health, shall deliver to the Secretary of State such record books as the clerks of the Circuit Court may need, in which to record licenses to practice medicine, to be by him promptly and safely transmitted at the cost of the state to such of said clerks as the Board of Health may designate.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

the State laterally, divides Missouri into two distinct parts. The surface north of the river is generally level, while that south of it is undulating, becoming rougher and more mountainous as it approaches the Ozark mountains. The Mississippi and Missouri rivers with their numerous tributaries irrigate and drain every portion of the State. The climate is subjected to great extremes, the winters being very cold and the summers long and very warm. Despite this fact, the State is considered a healthy one and is peculiarly suitable for persons suffering from consumption. The mean annual temperature as observed at St. Louis, is 55 degrees, that of the summer 76.12 degrees, and that of the winter 32.90 degrees. The average annual rainfall is about 42 inches.

The following table shows increase in population for 70 years:

1820.....	66,557	1860.....	1,182,012
1830.....	140,455	1870.....	1,721,295
1840.....	383,702	1880.....	2,168,380
1850.....	682,044	1890.....	2,679,184

There are several mineral springs in the State.

The medical colleges in the State are the Missouri Medical College, St. Louis; St. Louis Medical College, St. Louis; Medical Department, University of the State of Missouri, at Columbia; the Homeopathic Medical College of Missouri, St. Louis; Kansas City Medical College, Kansas City; St. Louis College of Physicians and Surgeons, St. Louis; American Medical College, St. Louis; University Medical College of Kansas City, Kansas City; Ensworth Medical College, St. Joseph; Beaumont Hospital Medical College, St. Louis; Kansas City Homeopathic Medical College, Kansas City; Marion-Sims College of Medicine, St. Louis; Barnes Medical College, St. Louis; the Central Medical College of St. Joseph, the Woman's Medical College, Kansas City; the Kansas City University College of Homeopathic Medicine and Surgery, Kansas City; the Missouri Eclectic College for Men and Women, Kansas City and the Medico-Chirurgical College, Kansas City.

Rate of Mortality, in Missouri, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
2,679,184	32,435	12.16	29,641	2,794	11.72	18.54

Total number of deaths from consumption during 1890 was 3,559, which was at the rate of 1.32 per 1,000 of population, or 109.72 per 1,000 of total deaths.

**MEDICAL LAWS OF MISSOURI.****CHAPTER 110—ARTICLE I.**

Sec. 6871. Practitioners of Medicine, Qualifications of.—Every person practicing medicine and surgery, in any of their departments, shall possess the qualifications required by this article. If a graduate of medicine, he shall present his diploma to the State board of health for verification as to its genuineness. If the diploma is found to be genuine, and if the person named therein be the person claiming and presenting the same, the State board of health shall issue its certificate to that effect, signed by at least four of the members thereof, and such diploma and certificate shall be deemed conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said board, and submit himself to such examination as the said board shall require, and if the examination be satisfactory to the examiners the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned. (Laws of 1883, p. 115.)

Sec. 6872. Board of Health to Issue Certificates, When.—The State board of health shall issue certificates to all who shall furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing, or whatever school or system of medicine. They shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board. They shall furnish to the county clerks of the several counties a list of all persons receiving certificates: Provided, that nothing in this article shall authorize the board of health to make any discrimination against the holders of genuine licenses or diplomas under any school or system of medicine. (Laws 1883, p. 115.)

Sec. 6873. Verification of Diplomas.—Said State board of health shall examine diplomas as to their genuineness, and if the diplomas shall be found genuine, as represented, the secretary of the state board of health shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to such applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The verification of the diploma shall consist in the affidavit of the holder and applicant, that he is the lawful possessor of the same, and that he is the person therein named; such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits as provided in this article, by letter or by proxy, and the State board of health shall issue a certificate as though the owner of the diploma were present. (Laws 1883, p. 115—a.)

Sec. 6874. Examinations Made by Board.—All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Missouri. (Laws of 1883, p. 115.)

Sec. 6875. Certificates to be Recorded with County Clerk.—Every person holding a certificate from the State board of health shall have it recorded in the office of the county clerk of the county in which he resides, and the record shall be indorsed thereon. Any person removing to another county to practice medicine and surgery shall procure an indorsement to that effect on the certificate from the clerk of the county court, and shall have the certificate recorded in the office of the clerk of the county to which he removes, and the holder of the certificate shall pay to said clerk of said county the usual fees for making the record. (Laws 1883, p. 115.)

Sec. 6876. Clerk to Keep List of Certificates, etc.—The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of issue. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours. (Laws 1883, p. 115.)

Sec. 6877. Examination Made in Writing.—Examinations may be made in whole, or in part, in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner. (Laws 1883, p. 115.)

Sec. 6878. Certificates—When Revoked.—The State board of health may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes, after giving the accused an opportunity to be heard in his defense before the board. (Laws 1883, p. 115.)

9 Sec. 6879. Who Regarded as Practicing Medicine.—Any person shall be regarded as practicing medicine within the meaning of this article, who shall profess, publicly, to be a physician, and to prescribe for the sick, or who

shall append to his name the letters "M. D.," but nothing in this article shall be construed to prohibit students from prescribing under the supervision of a preceptor, or to prohibit gratuitous services in cases of emergency; and this article shall not apply to commissioned surgeons of the United States army, navy and marine hospital service. (Laws 1883, p. 115.)

Sec. 6880. Itinerant Venders of Drugs, etc., to Pay License; Penalty.—Any itinerant vender of any drug, nostrum, ointment or appliance of any kind, intended for the treatment of disease or injury, or who shall, by writing or printing, or any other method, publicly profess to cure or treat diseases, injuries or deformities by any drug, nostrum, manipulation or other expedient, shall pay to the State a license of one hundred dollars per month, to be collected as provided for by law, as all other licenses are now collected; and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not to exceed five hundred dollars, or by imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment. (Laws 1883, p. 115.)

Sec. 6881. Penalty for Violating Provisions of this Article.—Any person practicing medicine or surgery in this State without complying with the provisions of this article shall be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than three hundred and sixty-five days, or by both such fine and imprisonment, for each and every offense; and any person filing or attempting to file as his own the diploma or certificate of another, or a forged affidavit or identification, shall be guilty of a felony, and upon conviction thereof shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery in the second degree, but the penalties shall not be enforced until a period of six months after the passage of this law: Provided, That the provisions of this article shall not apply to those persons who have been practicing medicine five years in this State. (Laws of 1883, p. 115.)

Sec. 6882. Who to Perform Duties of County Clerk in St. Louis City.—Whenever in this article it is provided that any duty or service shall be performed by any county clerk, such duty and service in the city of St. Louis shall be performed by the city register or health commissioner of the city of St. Louis, as if such officer was specially named to perform these duties and services. (Laws 1883, p. 115.)

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

MONTANA.

CAPITAL, HELENA.

Population of State, 132,159.  
(Census of 1890.)

Males .....	87,882	Native .....	89,063
Females .....	44,277	Foreign .....	43,096
White .....	127,271	Chinese .....	2,538
Colored .....	1,490	Indians .....	860

Number of physicians, 288.

Montana extends from 104 degrees to 116 degrees west longitude, and from 44 degrees 25 minutes to 49 degrees north latitude, and is bounded on the north by the British possessions, on the south by Idaho and Wyoming, on the west by Idaho, and on the east by the Dakotas. It contains an area of 143,776 square miles, or 92,016,640 acres.

The western portion of the State is mountainous and the eastern is a vast rolling table land. The principal range of the Rocky mountains extends along the southwestern boundary of the State, and the scenery in many parts is grand and picturesque. Besides the two great rivers, the Missouri and the Columbia, which have their sources in Montana, there are a number of other noble streams in the State, notably the Yellowstone, Jefferson, Madison, Musselshell, Gallatin and Deer Lodge rivers.

The climate is milder than the latitude and elevation would seem to indicate, the mean annual temperature as observed at Helena being 43.04 degrees, that of the summer 70.28 degrees, and of the winter 19.16 degrees.

The following table shows increase in population since 1870:

1870.....	20,595	1890.....	132,159
1880.....	39,159		

Rate of mortality in Montana, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
132,159	1,012	7.66	986	26	7.75	5.03

The total number of deaths from consumption during 1890 was 55, which was at the rate of .42 per 1,000 of population, or 54.34 per 1,000 of total deaths.

### MEDICAL LAWS OF MONTANA.

An Act to regulate the practice of medicine in the State of Montana, and to provide for the examination and issuing of certificates to persons desirous of practicing the same; and for the punishment of persons violating the provisions of this act, and to appropriate money therefor.

Be it enacted by the legislative assembly of the State of Montana:

Section 1. The governor, with the advice and consent of the senate, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the State of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, and who have attended three courses of lectures, and are graduates of accredited colleges of medicine, who shall constitute the board of examiners for the purposes of this act. The physicians so appointed shall hold their respective offices for seven years: Provided, That the terms in office of those constituting the present board shall not be affected by the provisions of this act; and the terms of their successors shall be so arranged as to succeed the present incumbents as their terms expire, and Provided also, That all vacancies occurring shall be likewise filled by appointment by the governor by the advice and consent of the senate. Appointments made when the senate is not in session shall take effect immediately, and may be confirmed at the next ensuing session.

Sec. 2. The board of medical examiners must, on the first Tuesday of April of each year, elect from among their number a president, secretary and treasurer, and must have a seal. Four members of said board shall constitute a quorum. The president and secretary have the power to administer oaths in examination of applicants for certificates, and witnesses called before the board in the transaction of business under the provisions of this act. The board of examiners must hold meetings for examinations at the seat of government on the first Tuesdays of April and October of each year, and at such other times and at the same and other places as the board may determine. The board must keep a record of all proceedings thereof and also a register of all applicants for a certificate, with the age of the applicant, time spent in the study of medicine, and the name and location of all the institutions granting to such applicant degrees or certificates of lectures attended in medicine or surgery. The register must also show whether such applicant was rejected, or has received a certificate under this act; such register is prima facie evidence of all the matters therein kept.

Sec. 3. Every person hereafter wishing to practice medicine or surgery in any of their departments in this State, shall apply to said board for a certificate so to do. Every person applying shall present his or her diploma to the said board of examiners for verification as to its genuineness; and if the diploma is found genuine and is issued by a medical school legally organized and in good standing, whose teachers are graduates of a legally organized school, which facts the said board of examiners shall determine, and if the person presenting and claiming said diploma be the person to whom the same was originally granted, at a time and place designated by said board, or at a regular meeting of said board, said applicant shall submit to an examination in the following branches, to-wit: Anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventive medicine, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having attended four courses of lectures of at least six months each, but such evidence of attending such four courses of lectures shall not be required of applicants graduating prior to July 1, 1898; said board shall cause such examination to be both scientific and practical, but of sufficient thoroughness and severity to test the candidate's fitness to practice medicine and surgery; when desired, such examination may be conducted in the presence of the dean of any medical school, or the president of any medical society of this State. After examination such board shall, if the candidate has been found qualified, grant a certificate to such candidate to practice medicine and surgery in the State of Montana; which said certificate can only be granted by the consent of not less than four members of the said board, and which certificate shall be signed by the president and secretary of said board, and attested by the seal thereof. Provided, however, that

during the intervening period of the sessions of the board, any person desiring to practice medicine in this State may present his or her diploma to the president or secretary of the board, who may issue a certificate good until the next regular meeting of the board; and provided further, that all physicians and surgeons who hold certificates granted by the now existing board of medical examiners shall be exempt from the provisions of this section.

Sec. 4. The board may refuse to grant a certificate for unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause the board must serve in writing upon the applicant a copy of any charge or charges against him and appoint a day for hearing, at which the applicant or any witnesses in his behalf may appear and give testimony in refutation of such charges. In case the board after such hearing refuse a certificate to the applicant, the decision specifically stating the ground upon which such refusal was made must be reduced to writing and a copy thereof delivered to the applicant upon demand of the applicant. Upon a like hearing the board may refuse a certificate to any one who may publicly profess to cure or treat disease, injury or deformity in such a manner as to deceive the public. The hearing provided for herein must take place with 20 days after the service of the copy of the charges upon the applicant, unless delayed by, or further time is granted to the applicant, and the decision of the board must not be later than 10 days after the day of hearing. If the decision is not rendered within said period of 10 days the applicant is not subject to any penalties for practicing without a certificate during the time that elapses before the decision is made. The board, with the concurrence of four members thereof, may revoke a certificate for unprofessional, dishonorable or immoral conduct. Before such revocation can take place, a written complaint specifically stating the charges against the person whose certificate is sought to be revoked must be delivered to the board and a copy thereof be served upon such person 20 days before the time fixed by the board for the hearing of such charges. The board must fix the time and place for the hearing at which the person charged may appear and produce testimony in refutation of such charges. If, after such hearing, the board revoke the certificate of such person, the ground upon which such revocation is made must be specifically stated by the board in writing, and a copy thereof delivered, on demand, to the person whose certificate is revoked. In all cases of the refusal or revocation of a certificate to practice medicine by said board the person aggrieved thereby may appeal from the decision of the board to the district court of the county in which such revocation or refusal was made. The appeal is taken by the appellant serving notice of appeal upon any officer of the board within thirty days after receiving from the board a copy of the decision and filing within the same time with the clerk of the proper district court a verified copy of the decision appealed from, together with a verified copy of any charges furnished by the board to the appellant. The appeal is conducted to a determination in all respects as an appeal from a decision of a board of county commissioners disallowing a claim. The district court must affirm or reverse the decision of the board of medical examiners. In case of reversal a certified copy of the judgment is equivalent to a certificate permitting the appellant to practice medicine and surgery. An appeal may be taken from the judgment of the district court by either party to the supreme court within 60 days from the entry thereof, in like manner as in civil cases. In case of an appeal from a decision revoking a certificate the appellant may be permitted, in the discretion of the court, to practice during the pendency of the appeal.

Sec. 5. Every person obtaining a certificate from the board must, within 60 days from the date thereof, have the same recorded in the office of the county clerk in the county wherein he resides; if he removes from one county to another to practice medicine or surgery, his certificate must immediately be recorded in the county to which he removes. The county clerk must endorse upon the certificate the date of record, and he is entitled to charge and receive his usual fees for such services, the fee to be paid by the applicant. Until the certificate be recorded, as provided by this section, the physician practicing under it is subject to the penalties prescribed in the penal code for practicing without a certificate.

Sec. 6. This act shall not apply to midwives of skill and experience, commissioned surgeons of the United States army and navy in the discharge of their official duties, nor to physicians and surgeons in actual consultation from other States and Territories.

Sec. 7. Any person practicing medicine or surgery within this State contrary to the provisions of this act shall, for each violation of the provisions of this act, be guilty of a misdemeanor, and upon conviction shall be fined not more than \$500 nor less than \$100, or by imprisonment in the county jail not more than 30 days nor less than 30 days, or by both said fine and imprisonment as the court may determine. Any person shall be regarded as practicing within the meaning of this act who shall append the letters M. D. to his or her name, who shall profess publicly to be a physician or surgeon, or

who shall recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance, apparatus or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury, or other deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation.

Sec. 8. Candidates for examination shall pay in advance to the secretary of the board of medical examiners a fee of fifteen dollars (\$15), which fee shall defray the entire expense of said candidates for examination before the aforesaid board of examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months, without fee. And the moneys so received shall be turned over to the State treasurer, to be by him deposited in the medical board fund, as hereinafter provided.

Sec. 9. Each member of the board is hereby allowed the sum of five dollars per day and mileage while in the active and necessary discharge of his duties. And there is hereby established a fund to be known as the medical board fund. And a sum of fifteen hundred (\$1,500) is hereby annually appropriated out of any money in the State treasury not otherwise appropriated to meet the expenses incurred in carrying out the provisions of this act. The State treasurer is hereby directed and required to set such sum apart to the credit of such fund, subject to the orders and disbursements as herein provided for. The money in said fund shall only be paid out by warrant on said fund on an order drawn by the secretary of said board, countersigned by the president. The rate of mileage and attendance before said board shall be the same as is now allowed in justice of the peace courts. And the board must report annually on the first Monday of November to the governor, which report must show all the transactions of the board, giving the number of applications received, and from whom received, the number of certificates granted and rejected, and the names of those receiving certificates and those rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund.

Sec. 10. Article XVII., Chapter III., Title I., Part III., political code, and all acts and parts of acts in conflict with this act are hereby repealed.

Sec. 11. This act shall take effect and be in force from and after July 1, 1895.

Approved March 13, 1895.

#### MEDICAL LAWS OF NEBRASKA.

An Act to Regulate the Practice of Medicine in the State of Nebraska.  
Be it Enacted by the Legislature of the State of Nebraska:

Section 1. There shall be established in the State of Nebraska a board to be styled the State Board of Health. Said board shall consist of the governor, attorney-general, and superintendent of public instruction, and the governor shall be ex-officio chairman of said board.

2. Said board shall meet upon the call of the governor, and within thirty days after the approval of this act, and shall meet thereafter as often and at such times as the governor may from time to time designate.

3. Said board shall, within sixty days after the approval of this act, appoint four secretaries, who shall be graduated physicians of at least seven years' consecutive practice, and who shall be, at the time of their appointment, actually engaged in practice in the State of Nebraska, one of whom shall be appointed for the term of one year, one for the term of two years, and one for the term of three years, and one for term of four years, and thereafter it shall be the duty of said board to appoint, or re-appoint, one secretary every year as the terms of those heretofore appointed shall expire, but each secretary shall continue in office until his successor shall have been so appointed. Said appointments shall be made so that, of said secretaries, two shall be physicians of the so-called regular school, one of the so-called eclectic school, and one of the so-called homoeopathic school.

4. Said secretaries shall have power, and it shall be their duty, to assist and advise said board in the performance of its duties as prescribed by this act, to summon witnesses and take testimony in the same manner as witnesses are summoned and depositions taken under the code of civil procedure, and to report said testimony to the board, together with their findings of fact and recommendations on all matters coming before said board, requiring evidence for their determination, except as hereinafter provided.

5. It shall be the duty of said board to see that all the provisions of this act are strictly enforced; to grant certificates as herein provided, and to cause to be prosecuted all violations of this act. Said board shall have and use a common seal, and may make and adopt all necessary rules, regulations and by-laws not inconsistent with the constitution of this State or of the United States, to enable it to perform its duties and transact its business under the provisions of this act.

6. A majority of said board shall constitute a quorum for the transaction of business.

7. It shall be unlawful for any person to practice medicine, surgery, or obstetrics, or any of the branches thereof, in this State, without first having obtained and registered the certificate provided for by this act; and no person shall be entitled to the certificate herein provided for, unless he shall be a graduate of a legally chartered medical school, or college in good standing; said qualifications to be determined by the board; Provided, however, That nothing in this act shall be construed to prevent physicians residing in other States from visiting patients in consultation with resident physicians who have complied herewith.

8. The term medical school, or college in good standing, shall be defined as follows: A medical school or college requiring a preliminary examination for admission to its courses of study, and which requires as a requisite for the granting of the degree of M. D. attendance on at least three courses of lectures of six months each, no two of said courses to be held within one year, and having a full faculty of professors in all the different branches of medical education, to-wit: Anatomy, physiology, chemistry, toxicology, pathology, hygiene, materia medica, therapeutics, obstetrics, gynaecology, principles and practice of medicine and surgery, and clinical instruction in the last two named; Provided, That this three year clause shall not apply to degrees granted prior to July, 1891.

9. It shall be the duty of all parties intending to practice medicine, surgery, or obstetrics in the State of Nebraska, before beginning the practice thereof to present his diploma to said board, together with his affidavit

that he is the lawful possessor of the same, that he has attended the full course of study required for the degree of M. D., and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such official, if he have a seal, and any person swearing falsely in such affidavit shall be guilty of perjury and subject to the penalty therefor.

10. If upon investigation of said diploma and affidavit, the applicant shall be found entitled to practice, there shall be issued to said applicant the certificate of said board, under its seal and signed by its secretaries, stating such fact; and it shall be the duty of the applicant, before practicing, to file such certificate, or a copy thereof, in the office of the county clerk of the county in which he or she resides, or in which he or she intends to practice. Such certificate or copy shall be filed by the county clerk and by him recorded in a book to be kept for that purpose, properly indexed, to be called the "Physicians' Register;" and for such services the county clerk shall receive from the applicant the same fees as are allowed to the register of deeds for the recording of conveyances.

11. All physicians who shall be engaged in practice at the time of the passage of this act shall, within six months thereafter, present to said board their diplomas and affidavits, as hereinbefore provided, or in the case of persons not graduates, who were entitled to registration and practice under the provisions of the act entitled "An Act to regulate the practice of medicine in the State of Nebraska," approved March 3, 1881, an affidavit showing them to have been entitled to so register and practice, and a certified transcript of their registration under said act; and upon their doing so, shall be entitled to the certificate herein provided, which they shall file with the county clerk, as herein provided; Provided, That no one having the qualifications required in and having complied with said act of March 3, 1881, shall be liable to prosecution for failure to comply with this act until the expiration of said period of six months.

12. It shall be the duties of said secretaries to keep a full record of all the acts and proceedings of said board and of all certificates granted thereby, together with the proof upon which such certificates are granted, but when proof in any case shall have been on file in the office of said board for ten days, said certificate may be issued by said secretaries without a vote of the board, if no protest has been filed, and if in their opinion said proof complies with the provisions of this act.

13. Any person who shall have obtained the certificate provided by this act and shall remove to another county, shall, before the entering upon the practice of his profession in such other county, cause said certificate to be filed and recorded in the office of the county clerk of the county to which he has removed.

14. The board may refuse certificates to persons guilty of unprofessional or dishonorable conduct, and it may revoke certificates for like cause: Provided always, That they have given the person an opportunity to be heard in his or her defense.

15. No person shall recover in any court in this State any sum of money whatever for any medical, surgical, or obstetrical services unless he shall have complied with the provisions of this act, and is one of the persons authorized by this act to be registered as a physician.

16. Any person not possessing the qualifications for the practice of medicine, surgery, or obstetrics required by the provisions of this act, or any person who has not complied with the provisions of this act, who shall engage in the practice of medicine, surgery, or obstetrics, or any of the branches thereof, in this State, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not less than fifty dollars nor more than three hundred dollars, and costs of prosecution, for each offense, and shall stand committed until such fine and costs are paid.

17. Any person shall be regarded as practicing medicine within the meaning of this act who shall operate on, profess to heal, or prescribe for, or otherwise treat any physical or mental ailment of another. But nothing in this act shall be construed to prohibit gratuitous services in case of an emergency, and this act shall not apply to commissioned surgeons in the United States army and navy, nor to nurses in their legitimate occupations, nor to the administration of ordinary household remedies.

18. Any itinerant vendor of any drug, nostrum, ointment, or appliance of any kind, intended for the treatment of any disease or injury, or who shall by writing, printing, or any other method, publicly profess to cure or treat a disease, or injury, or deformity by any drug, nostrum, manipulation, or other expedient, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than fifty dollars nor more than one hundred dollars, or be imprisoned in the county jail for a period of not less than thirty days, nor more than three months, or both, in the discretion of the court, for each offense.

19. The secretaries of said board of health shall receive for their services the sum of five dollars, to be paid by every applicant for a certificate, hereunder, at the time of making his application, and for their services for the taking of testimony the same fees as are provided for notaries public for similar services, and they shall receive no other fees or compensation; Provided, That applicants, under Section 11 of this act, shall pay the sum of one dollar only.

20. That Section 1 to 11, inclusive, of chapter 55 of the Compiled Statutes of Nebraska, entitled, "An act to regulate the practice of medicine," approved March 3, 1881, and amended as heretofore stated, and all the acts inconsistent herewith, are hereby repealed.

Approved March 27, 1891.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## MEDICAL LAWS OF NEVADA.

Aa Act to Prevent the Practice of Medicine and Surgery by Unqualified Persons.

The People of the State of Nevada, represented in senate and assembly, do enact as follows:

Section 1. No person shall practice medicine or surgery in this State who has not received a medical education and a diploma from some regularly chartered medical school, said school to have a bona fide existence at the time when said diploma was granted.

2. Every physician or surgeon, when about to take up his residence in this State, or who now resides here, shall file for record with the county recorder of the county in which he is about to practice his profession, or where he now practices it, a copy of his diploma, at the same time exhibiting the original, or a certificate from the dean of the medical school of which he is a graduate, certifying to his graduation.

3. Every physician or surgeon, when filing a copy of his diploma or certificate of graduation, as required by Section 2 of this act, shall be identified as the person named in the papers about to be filed, either by affidavit of two citizens of the county or by his affidavit taken before a notary public or commissioner of deeds for this State, which affidavit shall be filed in the office of the county recorder.

4. Any person practicing medicine or surgery in this State without complying with sections 1, 2 and 3 of this act shall be punished by a fine of not less than fifty dollars (\$50), nor more than five hundred dollars (\$500), or by imprisonment in the county jail for a period of not less than thirty (30) days nor more than six (6) months, or by both fine and imprisonment, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of graduation of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction, shall be subject to such fine and imprisonment as is made and provided by the statutes of this State for said offense.

5. It shall be the duty of the police, sheriff, or constable to arrest all persons practicing medicine or surgery in this State who have not complied with the provisions of this act, and the officer making the arrest shall be entitled to one-half of the fine collected.

6. No portion of this act shall apply to any person who, in an emergency, may prescribe or give advice in medicine or surgery in a township where no physician resides, or where no physician resides within convenient distance; nor to those who have practiced medicine and surgery in this State for a period of ten years next preceding the passage of this act, nor to persons prescribing in their own family.

7. This act shall go into force sixty (60) days after its final passage.

Approved January 28th, 1875.

The following supreme court decisions relating to the above act are given in the digest of Nevada Reports and Lawyer's Circuit Court Reports (page 297, 1878):

1. Act to prevent the practice of medicine and surgery by unqualified persons constitutional. In constructing section 6 of said act, which provides that it shall not apply "to those who have practiced medicine or surgery in this State for a period of ten years next preceding the passage of this act," held that said provision is not in violation of section 21 of art. iv. of the State constitution. 10 Nev., 323.

2. *Idem*—How far constitutional. Held, that there is some reason for requiring ten years' practice in this State as a qualification for the continued practice of medicine and surgery; but there is no sort of reason for requiring that practice to have extended over the particular ten years immediately preceding the enactment of the law, and to this extent the law is unconstitutional, because in violation of the fourteenth amendment to the federal constitution; but omitting the words "next preceding the passage of this act," leaves a good and perfect statute. (By Beatty, J.)

3. *Idem*. Held, that said section is not in conflict with any of the provisions of the State or federal constitutions. (By Hawley, C. J.)

## MEDICAL LAWS OF NEW HAMPSHIRE.

### AN ACT TO REGULATE THE LICENSING AND REGISTRATION OF PHYSICIANS AND SURGEONS.

Be it Enacted by the Senate and House of Representatives in General Court Convened:

Section 1. No person shall hold himself out to the public as a physician and surgeon, or advertise as such, or use the title of M. D. or Dr. (or any title which shall show or tend to show that the person using the same is a practitioner of any of the branches of medicine) in New Hampshire after Sept. 1, 1897, unless previously registered and authorized, or unless licensed and registered as required by this chapter; nor shall any person practice medicine and surgery whose authority to practice is suspended or revoked by the Regent of a State Board.

Sec. 2. Within sixty days after the passage of this act, the Governor and Council shall appoint three separate State Boards of Medical Examiners, of five members each, so appointed that the term of office of one member shall expire each year, and the members thereafter appointed shall hold office five years, or until their successors are appointed and qualified. One Board shall represent the New Hampshire Medical Society, one the New Hampshire Homoeopathic Medical Society, and one the New Hampshire Eclectic Society. Each of these three Societies shall nominate, annually, twice the number of Examiners to be appointed in that year on the Board

representing it. The names of such nominees shall be annually transmitted, under seal, by the President and Secretary, to the Governor and Council, who shall appoint from such lists the Examiners required to form the Boards and to fill any vacancy that may occur from expiration of office or otherwise. Each nominee, before appointment, shall furnish to the Governor and Council satisfactory proof that he has received the degree of Doctor of Medicine from some registered medical school, and that he has legally practiced medicine in this State for at least five years. If no nominees are presented from a society to the Governor and Council, they may appoint from members in good standing in such Society without restriction. The Governor and Council, upon recommendation of the Board, may remove any Examiner for misconduct, incapacity, or neglect of duty.

Sec. 3. Every Medical Examiner shall receive a commission of appointment from the State, and before beginning his term of office shall file with the Secretary of State the constitutional oath of office. Each Board, or any member thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each Board may make any bylaws and rules, not inconsistent with law, necessary in performing its duties.

Sec. 4. The Superintendent of Public Instruction, ex-officio, shall be the Regent of the State Boards of Medical Examiners, and shall perform such duties as are herein specified.

Sec. 5. From the fees provided by this act, the Regent may pay all proper expenses incurred by its provisions, except compensation to Medical Examiners; and any surplus at the end of any year shall be apportioned equally among the three Boards; and the State shall not pay the expenses of said Boards, or either of them, or compensate them, or either of them, for services rendered under their commissions.

Sec. 6. Each Board shall annually elect from its members a President and a Secretary for the year, and shall hold one or more meetings each year, pursuant to call of the Regent, who may also call joint meetings of the three Boards or of their officers. At any meeting a majority shall constitute a quorum, but questions prepared by the Boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the Boards.

Sec. 7. The Regent shall admit to examination any candidate who pays a fee of ten dollars and submits satisfactory evidence, verified by oath, if required, that he

1. Is more than twenty-one years of age.
2. Is of good moral character.

3. Has graduated from a registered college; or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education, considered and accepted by the Regent as fully equivalent.

4. Has studied medicine not less than four full school years, of at least nine months each, including four satisfactory courses, of at least six months each, in four different calendar years, in a medical college registered as maintaining at the time a satisfactory standard. The Regent shall accept, as the equivalent for any part of the third and fourth requirements, evidence of five or more years' reputable practice, provided that such substitution be specified in the license.

5. Has either received the degree of Bachelor or Doctor of Medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country.

Students who matriculate in a New Hampshire medical school before January 1, 1898, on the prescribed study of medicine, shall be exempt from this preliminary education requirement.

Sec. 8. Each Board shall submit to the Regent, as required, lists of suitable questions for thorough examination in Anatomy, Physiology and Hygiene, Chemistry, Surgery, Obstetrics, Pathology and Diagnosis, and Therapeutics, including Practice and Materia Medica. From these lists the Regent shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that in Therapeutics, Practice, and Materia Medica all the questions submitted to any candidate shall be chosen from those prepared by the Board selected by that candidate and shall be in harmony with the tenets of that school, as determined by its State Board of Medical Examiners.

Sec. 9. Examinations for license shall be given at Concord, in this State, and at least twice annually, and shall be exclusively in writing and in English. Each examination shall be conducted by the Regent, or a competent examiner appointed by him, who shall not be one of the Medical Examiners. At the close of each examination the Regent or examiner in charge shall deliver the questions and answer papers to the Board selected by each candidate, or to its duly authorized Committee, and such Board, without unnecessary delay, shall examine and mark the answers and transmit to the Regent an official report, signed by its President and Secretary, stating the standing of each candidate in each branch, his general average, and whether the Board recommends that a license be granted. Such report

shall include the questions and answers and shall be filed in the public records of the Regent. If a candidate fails on first examination, he may, after not less than six months' further study, have a second examination without fee. If the failure is from illness, or other cause satisfactory to the Boards, they may waive the required six months' study.

Sec. 10. On receiving from a State Board an official report that an applicant has successfully passed the examinations and is recommended for license, the Regent shall issue to him a license to practice medicine. Every license shall be issued by the Regent under seal, and shall be signed by each acting Medical Examiner of the Board selected, and by the Regent, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education, and all other matters required by law, and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other State Examining Boards registered by the Regent as maintaining standards not lower than those provided by this chapter, and applicants who matriculate in a New Hampshire medical school before January 1, 1898, and who receive the degree of M. D. January 1, 1903, may, without further examination, on payment of five dollars to the Regent, and on submitting such evidence as may be required, receive an endorsement of their licenses or diplomas conferring all rights and privileges of a Regent license issued after examination.

Before any license is issued it shall be numbered and recorded in a book kept in the Regent's office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 11. This chapter shall not be construed to affect commissioned medical officers serving in the United States army, navy, or marine hospital service, while so commissioned; or any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs, or orthopedic instruments or trusses, in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other States or countries meeting legally registered physicians in this State in consultation; or any physician residing on a border of a neighboring State and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this State, and who does not open an office or appoint a place to meet patients or receive calls within this State; or to the regular or family physicians of persons not residents of this State, when called to attend them during a temporary stay in the State, or to the hotel physician regularly employed by the landlord of the summer hotel in the care of his guests or employees; neither shall the provisions of this act apply to clairvoyants, or to persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science, so-called, or any other method of healing if no drugs are employed or surgical operations are performed; provided, such persons do not violate any of the provisions of this act in relation of the use of M. D. or the title of doctor or physician.

Sec. 12. Any person who, not being then lawfully authorized to practice medicine within this State and so registered according to law, shall hold himself out to the public as a physician and surgeon, or advertise as such, within this State, without lawful registration or in violation of any provision of this chapter; and any person who shall buy, sell, or fraudulently obtain any medical diploma, license, record, or registration, or who shall aid or abet such buying, selling, or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record, or registration illegally obtained, or signed, or issued unlawfully, or under fraudulent representations or mistake of fact in a material regard; and any person who shall append the letters M. D. to his or her name; or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine) in such a manner as to convey the impression that he or she is a legal practitioner of medicine, or of any of its branches, without having legally received the medical degree, or without having received a license which constituted at the time an authority to practice medicine under the laws of this State then in force, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than one hundred dollars or imprisonment for three months for the first offense; and on the conviction of any subsequent offense, by a fine of not more than two hundred and fifty dollars or imprisonment for not less than six months, or by both fine and imprisonment.

Sec. 13. Every person who is a practitioner of medicine and surgery in this State prior to the passage of this act shall be, upon satisfactory proof thereof to the Regent, and upon the payment of a fee of one dollar,

entitled to registration; and the said Regent shall issue to him a certificate signed by himself and the Chairman and Secretary of such Board of Medical Examiners as the applicant may elect; and said certificate shall state the facts and the cause of said registration, and shall entitle the said person to practice medicine legally in the State of New Hampshire.

Sec. 14. The first meeting of the Boards may be called by any one of the members by a notice in writing, stating the time and place of meeting, sent by mail to each of the other members at least one week prior thereto.

Sec. 15. This act shall take effect on its passage.

Approved March 16, 1897.

New Jersey MEDICAL AND SURGICAL REGISTER. New Jersey 1025

TRENTON SANITARIUM,

318 Chestnut Ave., TRENTON, N. J.

Incorporated under the laws of the State of New Jersey. The oldest and most successful institution in New Jersey for the treatment of the

Liquor and Morphine Habits, also, Mild Mental Disorders.

OUR TREATMENT is an improvement over all other treatments for the Liquor and Morphine Habits.

There has never been a case treated by us where the mind, physical condition, sight or hearing has been affected in the least, and we guarantee that our treatment builds up the mental and physical condition, whether impaired by excessive use of liquors or drugs, or from other

causes.

Our former patients are our best advertisements.

Liquor is furnished to the patient so long as he has any desire for it, and until he refuses it of his own accord.

THE TREATMENT has long since passed the experimental stage. No case is hopeless. The treatment is purely vegetable—no gold being used.

Send for elaborate prospectus for references from parties who have never been in need of a treatment, but who are deeply interested in the good work we have done and are doing in uplifting the fallen through liquor, and also for testimonials from former patients, treated from three to seven years.

**MEDICAL LAWS OF NEW JERSEY.**

**AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY, TO LICENSE PHYSICIANS AND SURGEONS, AND TO PUNISH PERSONS VIOLATING THE PROVISIONS THEREOF.**

Approved May 22, 1894.

**CHAPTER CCCVI.**

An Act to Regulate the Practice of Medicine and Surgery, to License Physicians and Surgeons, and to Punish Persons Violating the Provisions Thereof.

Section 1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That the governor shall appoint, by and with the advice and consent of the senate, a board of examiners to be known as the State board of medical examiners, said board to consist of nine members, who shall be persons of recognized professional ability and honor; the terms of office of said board shall be three years, or until their successors are appointed; provided, however, that the members of the board first appointed shall be divided into three classes, each class to consist of three persons; the first class shall hold office under said appointment for one year, the second for two years and the third for three years from the date of their appointment, and thereafter each member shall be appointed for a term of three years, and provided further, that said board shall consist of five old-school physicians, three homoeopathic and one eclectic; said appointees, shall, within thirty days after the receipt of the respective commissions, take, subscribe and file, in the office of the secretary of state, the oath or affirmation prescribed by law.

2. And be it enacted, That said board shall elect a president, a secretary and a treasurer from its membership; it shall have a common seal, and its president shall be empowered to issue subpoenas and to administer oaths in taking testimony in any matter pertaining to the duties of said board; it shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this State or of the United States, whereby to perform the duties and to transact the business required under the provisions of this act.

3. And be it enacted, That said board shall hold meetings for examinations at the capitol building of this State on the third Tuesday of June and September of each year, and at such other times and places as the board may deem expedient; said board shall keep an official record of all its meetings, and an official register of all applicants for a license to practice medicine and surgery in this State; said register shall show the name, age, nativity, last and intended place of residence, of each candidate, the time he or she has spent in obtaining a competent common-school education, and in medical study, in or out of medical school, and the names and location of all medical schools or examining and licensing boards which have granted said applicant any degree or certificate of attendance upon lectures upon medicine and surgery or State examinations; said register shall also show whether said applicant was examined, licensed or rejected under this act, and said register shall be prima facie evidence of all matters therein contained.

4. And be it enacted, That all persons hereafter commencing the practice of medicine or surgery in any of its branches in this State, shall apply to said board for a license so to do; applicants for examination shall present to the secretary of this board, at least ten days before the commencement of the examination at which he or she is to be examined, a written application on a form or forms provided by said board, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common-school education, and has either received a diploma conferring the degree of doctor of medicine from some legally-incorporated medical college (which in the opinion of said board was in good standing at the time of issuing said diploma) in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also studied medicine four years, including three courses of lectures in different years in some legally incorporated American or foreign medical college or colleges prior to the granting of said diploma or foreign license; provided, however, that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not be considered to satisfy the above requirement; and if said application is approved and the said applicant shall have deposited the sum of twenty-five dollars with the treasurer of such board as an examination fee, which said sum shall be returned to such applicant in case of failure to pass such examination, the applicant shall sign his or her name opposite a number in a book kept for that purpose by the secretary, and shall mark his or her examination paper with said number and shall be known to the members of said board only by said number until his or her papers have been examined and marked; applicants examined and licensed by or who are or have been

members of State examining and licensing boards of other States, upon the payment of fifty dollars to the treasurer of said board, and on filing with the secretary of said board a copy of his or her license or certificate, certified by the affidavit of the president and secretary of such board, showing also that the standard requirements of said board at the time of said license or certificate was issued were substantially the same as that required by the said board, and of his or her affidavit as to the personality thereof, may be granted a license by said board without further examination thereby.

5. And be it enacted, That all examinations shall be written in the English language, and the questions and answers shall be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice, if the applicant intends to practice homoeopathy or eclecticism, the members of said board of those schools respectively shall examine said applicant in materia medica and therapeutics of the school in which such applicant intends to practice; the examinations shall be in the following subjects, namely, materia medica and therapeutics; obstetrics and gynaecology, practice of medicine, including diseases of the skin, nose and throat; surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs, anatomy, physiology, chemistry, histology, pathology, bacteriology, hygiene, medical jurisprudence, and in such other subjects as the board may decide; all examinations shall be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; if said examination is satisfactory, the board shall issue a license, entitling the applicant to practice medicine and surgery in this State; the votes of all examiners shall be yes or no, and written with their signatures upon the backs of the examination papers of each candidate; said application and examination papers shall be deposited in the State library, in the capitol building, and they shall be prima facie evidence of all matters therein contained; all licenses shall be signed by the president and secretary of the board, and shall be attested by the seal thereof.

6. And be it enacted, That the board may refuse to grant or may revoke a license for the following causes, to-wit, chronic and persistent inebriety; the practice of criminal abortion; conviction of crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic and incurable diseases; or where any person shall present to this board any diploma, license or certificate that shall have been illegally obtained, or that shall have been signed or issued unlawfully or under fraudulent representations; in complaints for violating the provisions of this section, the accused person shall be furnished with a copy of the complaint, and given a hearing before said board in person or by attorney; and any person, after such refusal or revocation of license, who shall attempt or continue the practice of medicine shall be subject to the penalties hereinafter prescribed.

7. And be it enacted, That the person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the county in which he or she resides, and said clerk shall file said certificate or copy thereof and enter a memorandum thereof, giving the date of said license, with the name of the person to whom the same is issued, and the date of said filing, in a book to be provided by this board and to be kept for that purpose, and for which registry the said county clerk shall be entitled to demand and receive from each person registering the sum of one dollar; in case the person so licensed shall move into another county of this State, he or she shall procure from the said clerk a certified copy of such registration, and then file the same with the clerk of the county to which he or she shall remove, and the said clerk shall file and enter the same with like effect as if the same was an original license, and for which registry the said clerk shall be entitled to demand and receive the sum of one dollar; and each county clerk in the counties of this State shall, upon the last day of November of each year, furnish to the secretary of said board a list of all the certificates of this board filed in his office during the previous year, and upon notice to him of the change of location or death of the person so licensed, or of the revocation of said license, said county clerk shall enter at the appropriate place in the records so kept by him, a memorandum of said fact, and said memoranda shall be furnished to the secretary of this board in the annual report above required.

8. And be it enacted, That any person shall be regarded as practicing medicine or surgery, within the meaning of this act, who shall use the words or letters "Dr.," "Doctor," "Professor," "M. D.," or "M. B." in connection with his or her name, or any other title intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, and who in connection with such title or titles or without the use of such titles shall prescribe, direct, recommend, advise, apply, give or sell, for the use of any person or persons, any drug or medicine or other agency or application for the treatment, cure or relief of any bodily injury, infirmity or disease; and it is further provided that the use of any one of the aforementioned titles, or the exposure of a sign, circular, advertisement or any other device or information, indicating thereby the occupation of the person or persons, shall be considered prima facie evidence; and it is further provided, that the

provisions of this act shall apply to all persons professing and attempting to cure disease by means of the so-called systems of "faithcurism," "mind-reading," "laying-on-of-hands," and other similar systems.

9. And be it enacted, That this act shall not apply to the commissioned surgeons of the United States army, navy or marine hospital service while so commissioned, or to lawfully-qualified physicians or surgeons residing in other States meeting registered physicians and surgeons of this State in consultation, or to any legally-qualified physician or surgeon of another State taking charge of the practice of a legally-qualified physician or surgeon of this State temporarily during the latter's absence therefrom and upon the written requests to said board therefor, or to any physician or surgeon of another State, and duly authorized under the laws thereof, to practice medicine and surgery therein; provided, that such practitioner shall not open an office or a place for the practice of his profession within the borders of this State, or to anyone while actually serving as a member of the resident medical staff of any legally-incorporated charitable or municipal hospital or asylum, or to any legally-qualified and registered dentist exclusively engaged in practicing the art of dentistry, or to any person claiming the right to practice medicine and surgery in this State who has been practicing therein since before the fourth day of July, one thousand eight hundred and ninety; provided, said right or title was obtained upon a duly-registered diploma, of which the holder and applicant was the lawful possessor, issued by a legally-chartered medical institution which, in the opinion of said board, was in good standing at the time said diploma was issued, or to any person resident of this State who has been continuously engaged in giving treatment by electricity herein during the past seven years; provided, that said person has graduated from a legally-incorporated electro-therapeutic school in good standing.

10. And be it enacted, That any person hereafter commencing or continuing the practice of medicine and surgery in any of its branches in this State without first having obtained and filed the license herein provided for or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished for the first offense by a fine of not less than one hundred dollars or by imprisonment in the county jail for a period of not less than thirty days or by both fine and imprisonment, and for each subsequent offense the punishment shall be double that of the preceding one; and it shall be the duty of the respective district attorneys of the counties of this State to prosecute violation of the provisions of this act.

11. And be it enacted, That the expenses of said board and of the examination shall be paid from the license fees above provided for, and if any surplus remain, the same may be distributed among the members of said board as a compensation for their services as members, but otherwise they shall receive no compensation whatever.

12. And be it enacted, That all acts or parts of acts, general or special, now existing not in accordance with the provisions of this act, or inconsistent therewith, are hereby repealed.

Approved May 22, 1894.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## MEDICAL LAWS OF NEW MEXICO.

An Act to Regulate the Practice of Medicine and to Establish a Territorial Board of Health in the Territory of New Mexico.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1.—Qualifications for Practice.—That no person shall practice medicine in any of its departments in this Territory, unless such person possesses the qualifications required by this act. If a graduate in medicine, he must present his diploma, by mail or in person, to the Territorial Board of Health for verification as to its genuineness.

If the diploma is found genuine, and from a legally chartered medical institution in good standing, and if the person named therein be the person claiming and presenting the same, the Territorial Board of Health shall issue a certificate to that effect, signed by all the members thereof, and such certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this Territory. If not a graduate, the person practicing medicine in this Territory shall present himself before said board and submit himself to such examination as the board may require, and if the examination be satisfactory to the board, the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned. Provided, that any person who shall have practiced medicine continuously for the period of ten years in this Territory, prior to the passage of this act, shall be entitled to a license or certificate, without examination, upon the payment of the fee for such license or certificate.

Section 2.—Territorial Board of Health; Organization.—That a board is hereby established which shall be known under the name and style of the "New Mexico Territorial Board of Health," to be composed of seven practicing physicians of known ability and integrity, who are graduates of medical schools of undoubted respectability, and holding licenses to practice in this Territory, giving each of the three schools of medicine (known as the regular, homoeopathic and eclectic schools) a representation as follows, to-wit: Four (4) physicians of the regular, two (2) of the homoeopathic, and one (1) of the eclectic school or system of medicine. The members of this board shall be appointed by the governor, and shall hold their office two years, and all vacancies shall be similarly filled as soon as the governor is notified thereof by the secretary of the board.

The Territorial Board of Health shall organize within three months after the passage of this act; it shall procure a seal, and shall receive through its secretary applications for certificates and examinations; the president and secretary shall have the authority to administer oaths and the board shall take testimony in all matters relating to its duties; it shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing as may be determined by the board. Applicants for certificates, being graduates, or to all who now have licenses to practice in the Territory issued by the present or former board of medical examiners, shall pay a fee of five (\$5) dollars to the secretary of the board, who shall turn the same into the treasury of the board.

Section 3.—Verification of Diploma; Affidavit.—The verification of the diploma or certificate shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same and that he is the person therein named, and any person swearing falsely shall be deemed guilty of perjury and shall be punished accordingly.

Section 4.—Examinations by Board.—All examinations of persons, not graduates or licentiates, shall be made directly by the board, and may be made in whole or in part in writing, and shall be of an elementary and practical character, sufficiently strict to test the qualifications of the candidate as a practitioner. The fee for examination shall be twenty (20) dollars, and said fee shall be paid into the treasury of the board.

Section 5.—County Clerk to Record.—Every person holding a certificate from the Territorial Board of Health shall have it recorded in a book provided for the purpose in the office of the clerk of the county in which he resides, within three months from its date, and the date of recording shall be endorsed thereon; he shall then be entitled to practice in any part of the Territory, but must again record his certificate in case of removing his permanent residence to another county.

Section 6.—Refusal or Revocation of Certificate.—The Territorial Board of Health must refuse to issue certificates to individuals guilty of unprofessional or dishonorable conduct, and it may revoke certificates for like causes.

Section 7.—Definition of "To Practice Medicine."—For the purposes of this act, the words "practice medicine" shall mean to investigate or diagnose, or offer to investigate or diagnose, any physical or mental ailment of any person, with a view to affording relief, as commonly done by physicians; to suggest, recommend, prescribe or direct, for the use of any person, any drug, medicine or appliance, apparatus or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or bodily injury or deformity, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation; provided, this act shall not prevent people who are entitled to sell medicine under the laws of this Territory from recommending the same, but nothing in this act shall be construed to prohibit gratuitous service in cases of emergency or the

domestic administration of family remedies, or women from practicing midwifery; and that this act shall not apply to surgeons in the service of the United States in the discharge of their official duties.

Section 8.—Penalty for Practicing Without Certificate; Using Another's Diploma.—Any person practicing medicine or surgery in this Territory without the certificate issued by this board, in compliance with the provisions of this act, shall, for each and every instance of such practice, forfeit and pay to the Territory of New Mexico, for the use of the said Territorial Board of Health, the sum of one hundred (100) dollars for the first offense, and two hundred (200) dollars for each subsequent offense, the same to be recovered in an action of debt before any court of competent jurisdiction; and any person filing, or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction, shall be subject to such fine and imprisonment as are made and provided by the statutes of the Territory for the crime of forgery.

Section 9.—Judgment Upon Conviction; Appeal.—Upon conviction of either of the offenses mentioned in this act, the court shall, as part of the judgment, order that the defendant be committed to the common jail of the county until the fine and costs are paid, and, upon failure to pay same immediately, the defendant shall be committed under said order. Provided, That either party may appeal in the same time and manner as appeals may be taken in other cases, except that where an appeal is prayed in behalf of the Territory no appeal bond shall be required to be filed, whether the appeal be from a justice of the peace, or from the district, county or circuit court, or from the appellate court, but it shall be sufficient in behalf of the Territory of New Mexico for the use of the Territorial Board of Health to pray an appeal, and thereupon appeal may be had without bond (or) security.

Section 10.—Solicitor General and District Attorneys to Prosecute.—It shall be the duty of the solicitor general and the district attorneys to prosecute any and all persons who shall be guilty of violating the provisions of this act.

Section 11.—Repeal.—All laws and parts of laws in conflict with the provisions of this act are hereby repealed, and this act shall be in force and effect from and after its passage.

Approved February 27, 1895.

THE NEW MEXICO TERRITORIAL BOARD OF HEALTH, AT ITS MEETING, JUNE 19, 1895, ADOPTED THIS STANDARD FOR MEDICAL COLLEGES.

Examination will be required of all applicants to practice medicine in New Mexico, who shall graduate after July 1, 1897, from any medical college which does not require of matriculants, as a minimum evidence of sufficient general education, a high school certificate or its equivalent; and for graduation proof of four years' study of medicine and four terms of lectures occurring in four separate years.

The previous standard of three years' study and three terms of lectures in three separate years, with the preliminary requirement of matriculants of a high school certificate, or its equivalent will be maintained for all applicants who graduated between July 1, 1890, and July 1, 1897.

According to a resolution of the New Mexico Territorial Board of Health, adopted March 28, 1895, each applicant must furnish two certificates of character and good professional standing, preferably signed by two reputable, licensed physicians of New Mexico, or else by physicians, in other States, of such prominence as to lessen risk of delay while the board seeks to verify the worth of the certificates. Physicians signing should state place of residence and official positions filled by themselves.

The State of New York extends from 71 degrees 51 minutes to 79 degrees 47 minutes 25 seconds west longitude, and from 40 degrees 29 minutes 40 seconds to 45 degrees 0 minutes 42 seconds north latitude, and is bounded on the north and west by Canada, from which it is separated by the St. Lawrence river, Lake Ontario, Niagara river and Lake Erie, on the south by New Jersey and Pennsylvania, and on the east by Connecticut, Massachusetts and Vermont. It comprises an area of 47,000 square miles, or 30,080,000 acres. The principal rivers are the Hudson, which rises in the Adirondacks, and, pursuing a southerly course, debouches into New York bay; its total length is about 300 miles and for the last 160 miles it is navigable for the largest ves-

## MEDICAL LAWS OF NEW YORK.

LAWS OF NEW YORK, 1893, CH. 661, AS AMENDED IN 1895 AND 1896.

Previous laws relating to practice of medicine were repealed May 9, 1893, when this law took effect.

Definitions.—As used in this article.

1. University means University of the State of New York.

2. Regents means board of regents of the University of the State of New York.

3. Board means a board of medical examiners of the State of New York.

4. Medical examiner means a member of a board of medical examiners of the State of New York.

5. Medical school means any medical school, college, or department of a university, registered by the regents as maintaining a proper medical standard and as legally incorporated.

6. Medicine means medicine and surgery.

7. Physician means physician and surgeon.

Section 140. Qualifications.—No person shall practice medicine after September 1, 1891, unless previously registered and legally authorized or unless licensed by the regents and registered as required by this article; nor shall any person practise medicine who has ever been convicted of a felony by any court, or whose authority to practice is suspended or revoked by the regents on recommendation of a State board.

Sec. 141. State Boards of Medical Examiners.—There shall continue to be three separate State boards of medical examiners of seven members each, each of whom shall hold office for three years from August 1 of the year in which appointed. One board shall represent the Medical Society of the State of New York, one the Homeopathic Medical Society of the State of New York and one the Eclectic Medical Society of the State of New York. Each of these three societies shall at each annual meeting nominate twice the number of examiners to be appointed in that year on the board representing it. The names of such nominees shall be annually transmitted under seal by the president and secretary prior to May 1 to the regents, who shall, prior to August 1, appoint from such lists the examiners required to fill any vacancies that will occur from expiration of term on August 1. Any other vacancy, however occurring shall likewise be filled by the regents for the unexpired term. Each nominee before appointment shall furnish to the regents proof that he has received the degree of doctor of medicine from some registered medical school and that he has legally practiced medicine in this State for at least five years. If no nominees are legally before them from a society the regents may appoint from members in good standing of such society without restriction. The regents may remove any examiner for misconduct, incapacity or neglect of duty.

Sec. 142. Certificate of Appointment; Oath; Powers.—Every medical examiner shall receive a certificate of appointment from the regents and before beginning his term of office shall file with the Secretary of State the constitutional oath of office. Each board, or any committee thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each board may, subject to the regents' approval, make all by-laws and rules not inconsistent with law needed in performing its duties; but no by-law or rule by which more than a majority vote is required for any

specified action by the board shall be amended, suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 143. Expenses.—From the fees provided by this article, the regents may pay all proper expenses incurred by its provisions, except compensation to medical examiners; and any surplus at the end of any academic year shall be apportioned among the three boards pro rata according to the number of candidates whose answer papers have been marked by each.

Sec. 144. Officers; Meetings; Quorum; Committees.—Each board shall annually elect from its members a president and a secretary for the academic year, and shall hold one or more meetings each year pursuant to call of the regents, who may also call joint meetings of the three boards or of their officers. At any meeting a majority shall constitute a quorum; but questions prepared by the boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the boards and by the regents.

Sec. 145. Admission to Examination.—The regents shall admit to any examination any candidate who pays a fee of \$25 and submits satisfactory evidence, verified by oath, if required, that he

1. Is more than 21 years of age;
2. Is of good moral character;
3. Has the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this State;
4. Has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical college registered as maintaining at the time, a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the State, whose minimum graduation standard is less than that fixed by statute for New York medical schools. The regents may, in their discretion, accept as the equivalent for any part of the third and fourth requirement, evidence of five or more years' reputable practice, provided that such substitution be specified in the license;

5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full rights to practice medicine in some foreign country. The degree of bachelor or doctor of medicine shall not be conferred in this State before the candidate has filed with the institution conferring it the certificate of the regents that before beginning the first annual medical course counted toward the degree unless matriculated conditionally as hereinafter specified (three years before the date of the degree), he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regents as fully equivalent; or held a regents' medical student certificate, granted before this act took effect; or had passed regents' examinations as hereinafter provided. A medical school may matriculate conditionally a student deficient in not more than one year's academic work or 12 counts of the preliminary education requirement, provided the name and deficiency of each student so matriculated be filed at the regents' office within three months after matriculation, and that the deficiency be made up before the student begins the second annual medical course counted toward the degree. Students who had matriculated in a New York medical school before June 5, 1890, and students who had matriculated in a New York medical school before May 13, 1895, as having entered before June 5, 1890, on the prescribed three years' study of medicine, shall be exempt from this preliminary education requirement.

A medical student certificate may be earned without notice to the regents of the conditional matriculation either before the student begins the second annual medical course counted toward the degree or two years before the date of the degree for matriculants in any registered medical school, in the four cases following:

1. For matriculants prior to May 9, 1893, for any 20 counts, allowing 10 for the preliminaries, not including reading and writing;
2. For matriculants prior to May 13, 1895, for arithmetic, elementary English, geography, spelling, United States history, English composition, and physics, or any 50 counts, allowing 14 for the preliminaries;
3. For matriculants prior to January 1, 1896, for any 12 academic counts;
4. For matriculants prior to January 1, 1897, for any 24 academic counts;

But all matriculants, after January 1, 1897, must secure 48 academic counts, or their full equivalent, before beginning the first annual medical course counted toward the degree, unless admitted conditionally, as hereinbefore specified when the deficiency must be made up before the student begins the second annual medical course counted toward the degree. (As amended by laws of 1896, ch. 111.)

(This act took effect March 21, 1896, except that the increase in the required course of medical study from three to four years does not take effect till January 1, 1898, and does not apply to students who matriculated before that date and received the degree of M. D. before January 1, 1902.)

Sec. 146. Questions.—Each board shall submit to the regents, as required, lists of suitable questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics including practice and materia medica. From these lists the regents shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school as determined by its State board of medical examiners.

Sec. 147. Examination and Reports.—Examinations for license shall be given in at least four convenient places in this State and at least four times annually, in accordance with the regents' rules, and shall be exclusively in writing and in English. Each examination shall be conducted by a regents' examiner who shall not be one of the medical examiners. At the close of each examination the regents' examiner in charge shall deliver the questions and answer papers to the board selected by each candidate, or to its duly authorized committee, and such board, without unnecessary delay, shall examine and mark the answers and transmit to the regents an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average and whether the board recommends that a license be granted. Such report shall include the questions and answers and shall be filed in the public records of the University. If a candidate fails on first examination, he may after not less than six months' further study, have a second examination without fee. If the failure is from illness or other cause satisfactory to the regents they may waive the required six months' study.

Sec. 148. Licenses.—On receiving from a State board an official report that an applicant has successfully passed the examinations and is recommended for license, the regents shall issue to him, if in their judgment he is duly qualified therefor, a license to practice medicine. Every license shall be issued by the University under seal and shall be signed by each acting medical examiner of the board selected and by the officer of the University who approved the credential which admitted the candidate to examination, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education and all other matters required by law and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other State examining boards registered by the regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York State medical school before June 5, 1890, and who receive the degree M. D. from a registered medical school before August 1, 1895, may without further examination, on payment of \$10 to the regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas conferring all rights' and privileges of a regents license issued after examination.

If any person whose registration is not legal because of some error, misunderstanding or unintentional omission, shall submit satisfactory proof that he had all requirements prescribed by law at the time of his imperfect registration and was entitled to be legally registered, he may on unanimous recommendation of a State board of medical examiners receive from the regents under seal a certificate of the facts which may be registered by any county clerk and shall make valid the previous imperfect registration.

Before any license is issued it shall be numbered and recorded in a book kept in the regents' office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 149. Registry.—Every license to practice medicine shall, before the licensee begins practice thereunder, be registered in a book kept in the clerk's office of the county where such practice is to be carried on with name, residence, place and date of birth, and source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume in the county clerk's office, an affidavit of the above facts, and also that he is the person named in such license, and had, before receiving the same, complied with all requisites as to attendance, terms and amount of study and examinations required by law and the rules of the university as preliminary to the conferment thereof; that no money was paid for such license, except the regular fees paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was em-

ployed by any one or occurred in order that such license should be conferred. Every license, or if lost, a copy thereof legally certified so as to be admissible as evidence, or a duly attested transcript of the record of its conferment, shall, before registering, be exhibited to the county clerk, who, only in case it was issued or indorsed as a license under seal by the regents, shall indorse or stamp on it the date and his name preceded by the words: "Registered as authority to practice medicine in the clerk's office of ..... county." The clerk shall thereupon give to every physician so registered a transcript of the entries in the register with a certificate under seal that he has filed the prescribed affidavit. The licensee shall pay to the county clerk a total fee of one dollar for registration, affidavit and certificate.

Sec. 150. Registry in Another County.—A practicing physician having registered a lawful authority to practice medicine in one county, and removing such practice or part thereof to another county, or regularly engaging in practice, or opening an office in another county, shall show or send by registered mail to the clerk of such other county, his certificate of registration. If such certificate clearly shows that the original registration was of an authority issued under seal by the regents, or if the certificate itself is indorsed by the regents as entitled to registration, the clerk shall thereupon register the applicant in the latter county, on receipt of a fee of 25 cents, and shall stamp or indorse on such certificate the date and his name preceded by the words: "Registered also in ..... county," and return the certificate to the applicant.

Sec. 151. Certificate Presumptive Evidence; Unauthorized Registration and License Prohibited.—Every unrevoked certificate and indorsement of registry, made as provided in this article shall be presumptive evidence in all courts and place, that the person named therein is legally registered. Hereafter no person shall register any authority to practice medicine unless it has been issued or indorsed as a license by the regents. No such registration shall be valid unless the authority registered constituted at the time of registration, a license under the laws of the State then in force. No diploma or license conferred on a person not actually in attendance at the lectures, instruction and examination of the school conferring the same, or not possessed at the time of its conferment, or the requirements then demanded of medical students in this State as a condition of their being licensed so to practice, and no registration not in accordance with this article shall be lawful authority to practice medicine, nor shall the degree of doctor of medicine be conferred *causa honoris* or *ad eundem*, nor if previously conferred, shall it be a qualification for such practice.

Sec. 152. Construction of this Article.—This article shall not be construed to affect commissioned medical officers serving in the United States army, navy or marine hospital service, while so commissioned; or any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other States or countries meeting legally registered physicians in this State in consultation; or any physician residing on a border of a neighboring State and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this State, and who does not open an office or appoint a place to meet patients or receive calls within this State; or any physician duly registered in one county called to attend isolated cases in another county, but not residing or habitually practicing therein. This article shall be construed to repeal all acts or parts of acts authorizing conferment of any degree in medicine *causa honoris* or *ad eundem* or otherwise than on students duly graduated after satisfactory completion of a preliminary and medical course not less than that required by this article, as a condition of license.

Sec. 153. Penalties and their collection.—Any person who, not being then lawfully authorized to practice medicine within this State and so registered according to law, shall practice medicine in this State without lawful registration or in violation of any provision of this article; and any person who shall buy, sell or fraudulently obtain any medical diploma, license, record, or registration, or who shall aid or abet such buying, selling or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record, or registration illegally obtained, or signed, or issued unlawfully or under fraudulent representations or mistake of fact in a material regard, or who, after conviction of a felony, shall attempt to practice medicine, or shall so practice and any person who shall append the letters M. D. to his or her name, or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine) in such a manner as to convey the impression that he or she is a legal practitioner of medicine or of any of its branches without having legally received the medical degree, or without having received a license which con-

stituted at the time an authority to practice medicine under the laws of this State then in force, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than \$250 or imprisonment for six months for the first offense, and on conviction of any subsequent offense, by a fine of not more than \$500 or imprisonment for not less than one year, or by both fine and imprisonment. Any person who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner of a like or different name, shall be guilty of a felony. When any prosecution under this article is made on the complaint of any incorporated medical society of the State or any county medical society of such county entitled to representation in a State society, the fines when collected shall be paid to the society making the complaint, and any excess of the amount of fines so paid over the expense incurred by the said society in enforcing the medical laws of this State, shall be paid at the end of the year to the county treasurer.

## SUMMARY OF REQUIREMENTS FOR LICENSE.

All requirements for admission should be completed at least one week before examinations.

They are as follows:

1. Evidence that applicant is more than 21 years of age (Form 1).
2. Certificates of moral character from not less than two physicians in good standing (Form 2).
3. Evidence that applicant has the general education required, preliminary to receiving the degree of bachelor or doctor of medicine in this State (Medical student certificate.)
4. Evidence that applicant has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical school registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the State, whose minimum graduation standard is less than that fixed by statute for New York medical schools.

The increase in the required course of medical study from three to four years does not take effect till January 1, 1898, and does not apply to students who matriculated before that date and received the degree of M. D. before January 1, 1902 (Form 1).

First exemption: "The regents may in their discretion accept as the equivalent for any part of the 3d and 4th requirement, evidence of five or more years reputable practice of medicine, provided that such substitution be specified in the license."

5. Evidence that applicant "has received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country" (Form 3 or original credentials).

6. The candidate must pass examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, therapeutics, practice and materia medica. The questions "shall be the same for all candidates, except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school as determined by its State board of medical examiners."

Second exemption: "Applicants examined and licensed by other State examining boards registered by the regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York State medical school before June 5, 1890, and who received the degree M. D. from a registered medical school before August 1, 1895, may without farther examination, on payment of \$10 to the regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas, conferring all rights and privileges of a regents license issued after examination."

7. A fee of \$25 payable in advance.

## WHAT THEY SAY IN AMERICA:

From this limited observation, it seems to me that St. Raphaël Wine possesses stimulant and stomachic properties, that it promotes digestion of feeble patients and of those convalescing from severe sickness.

**HERMAN GRAD, M. D.,**

House Surgeon Woman's Hospital, 49th St. and 4th Ave.

One of the leading practitioners of New York, who is attending or consulting physician in the following city hospitals: Presbyterian, Post-Graduate, St. Luke's, St. Mark's, and Woman's, writes: "St. Raphaël Wine is certainly of excellent quality, and very well adapted to use in sickness."

I believe the St. Raphaël Wine to be the pure product of the grape and a most excellent wine for medicinal use.

**DR. CHARLES JEWETT**, Physician-in-Chief at the St. Mary's Hospital.

St. Raphaël Wine gives me entire satisfaction for patients requiring a tonic wine.

**DR. ALEX. J. C. SKENE**, Gynecologist, Long Island College Hospital.

I consider St. Raphaël Wine the finest tonic I have ever used, the high per cent. of tannin makes it valuable in the treatment of broken constitution. It is just the thing to administer in typhoid fever. It can be taken by the weakest stomach.

**DR. J. I. SHEPHERD**, Marine Hospital Service, Chattanooga, Tenn.

Its tonic properties are unsurpassed, it having none of the unpleasant depressing after-effects of the many so-called tonics.

The postoffice address is shown in Display type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which located immediately follows and then the population of the place. The names of places appear under the postoffice name, the first number (the key to which will be found 111 to 150) indicates the college of graduation, and the last number the year in which was granted.

The postoffice address is shown in Display Type, the name of the county in which it located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

### THE AMERICAN ANALGESIC.

The constantly increasing and most deplorable results from the indiscriminate use of morphia, the opiates; and the coal-tar compounds, by physicians, in the past few years, created an imperative demand for a drug which would give an anodyne or analgesic effect, without their concurrent evils. To eliminate these features has been the constant study of pharmaceutical chemists. That we have succeeded, the use of Gárofen will fully demonstrate.

Gárofen is not a coal-tar product, nor does it contain morphia or the opiates in any form.

# New York Post-Graduate Medical School and Hospital, University of the State of New York.

Second Avenue and 20th Street, NEW YORK CITY.

Incorporated by Special Act of the Legislature of the State of New York. For Practitioners of Medicine Exclusively.

SEVENTEENTH YEAR. SESSIONS OF 1898-99.

The Post-Graduate Medical School and Hospital occupies the largest and best building for combined hospital and college purposes in the country. It is an eight-story fire proof structure, containing accommodations for 175 patients. The Babies' Wards are an integral part of the Institution, under its own roof, with beds for 53 patients. The new building has adequate accommodations for the personal instruction of large classes of practitioners, while the hospital facilities are equal to those of any hospital in the City of New York. Every opportunity, both in the dispensary and hospital, is afforded in all departments of medicine and surgery. The major operations are performed in the amphitheatre of the Institution, which is fitted up in a manner to secure the best surgical results. Pathological and Histological Laboratories are also a part of the school. The Faculty are connected with many of the great Hospitals and Dispensaries in the city, where other clinics are held for the benefit of the matriculates of the Post-Graduate Medical School. Practitioners may enter at any time.

Members of the profession who are visiting New York for a day or two, will be heartily welcomed at the Post-Graduate School, and if they desire to attend the clinics a visitor's ticket, good for two days, will be furnished them on application to the Superintendent. Connected with the Hospital is a Training School for Nurses, which not only furnishes the nurses for the Post-Graduate Hospital, but also in part for three other important institutions.

A SALINE-ALKALINE WATER,  
CATHARTIC AND ALTERATIVE,  
OF HIGH MEDICINAL VIRTUES.

This famous water being now (by a most elaborate retubing) restored to all its former strength and excellence, the great mineral-water-drinking public might have been seen the past season at Saratoga, hurrying to slake their thirst at this HEALTHFUL FOUNTAIN.

While the water is now as strongly cathartic as at any period since its discovery—over one hundred years ago—it still retains the DELICIOUS FLAVOR and SMOOTH CATHARTIC ACTION that has always been characteristic of this famous water.

By its efficacy, purity and acknowledged sanitary properties, and the happy proportions of its various alkaline salts, THE CONGRESS WATER stands unrivalled by all, either foreign or domestic.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.
